Training Courses

Reducing Technical Debt with Michael C. Feathers
Skills Matters, London UK
2018

A 2 day course covering techniques for effectively dealing with legacy code including how to test, clean and maintain untested code.

Xamarin Training for Mobile App Development Professionals
Microsoft HQ, Reading UK
2017

A 5 day training course offered by Microsoft covering every aspect of Xamarin native and Xamarin Forms development. Covering techniques and best practices when building mobile applications across different platforms using a shared codebase.

Education

MSc. Advanced Computer Science (Distinction)
Newcastle University, UK
2015-2016 (1 year)

Dissertation:

Gesture-Based Authentication using Kinect for Payment Systems

Relevant Modules:

- System Security
- Distributed Algorithms
- System Design
- Cloud Computing
- Object Oriented Programming
- Human Factors Engineering

BSc. (Hons) Computer Science & Artificial Intelligence (2:2)
University of Malta, Malta
2011-2014 (3 years)

Dissertation:

Real-time Visualization of Heat Shimmering and Mirage

Relevant Modules:

- Data Structures & Algorithms
- Software Engineering
- Computer Networks
- Systems Programming
- Fundamentals of Software Testing
- Internet Technologies
